MRP: 200 INR

Ingredients

Ragi
Channa
Jwar

Health Benefits

- Prevents Constipation
- Reduce Risk of cardio vascular disorder
- PCOS
- A healthy choice for Hypothyroidism
- weight loss
- High Fiber alternative
- Good for your Gut health

Our Super foods

Organic Quinoa (200 gm. Grain)

MRP: 200 INR

Ingredients

Quinoa

What is quinoa?

While quinoa is usually considered to be a whole grain (similar to regular white rice, brown rice and other grains such as wheat and barley), it is actually a seed, but can be prepared like whole grains such as rice or barley. Try a quinoa salad recipe, or serve a vegetable stir-fry over cooked quinoa instead of rice. Or, if you're looking for a simple, high-protein breakfast idea, swap out your usual oatmeal for some quinoa flakes which cook just as quickly.

Health Benefits

- Full of vitamins/ minerals
- High Protein
- High in fibre
- Anti- oxidant
- Gluten free
- Great Magnesium source
- Easy Ingredient to use
- Assists Metabolism
- Low GI

Our Super foods

Organic Roasted Flax seed (200 gm. Seeds)

MRP: 200 INR

Ingredients

Organic Flax seeds

What is Flax seed?

Flaxseeds small seeds, as the name suggests, and are often golden, tan or brown colored. They are known for being the richest sources of alpha-linolenic acid or ALA (omega-3 fatty acids that are plant based), and are therefore an important part of one's diet. They are also extremely rich in lignans, making this seed a highly valuable addition to your meals. This is why flaxseed is known as a superfood.

Health Benefits

- High Fiber and Low Carbs
- Promote Healthier skin
- High Anti- oxidents
- Gluten free
- Promote weight loss
- Fights cancer

Our Super foods

Organic Chia Seeds (100gm.Seeds)

MRP: 200 INR

Ingredients

Organic Chia Seeds

What is Chia seeds?

Chia seeds come from the desert plant *Salvia hispanica*, a member of the family. *Salvia hispanica* seed often is sold under its common name "chia" well as several trademarked names. Chia seeds have recently gained attention as an excellent source of omega-3 fatty acid. They also are an excellent source of fiber at 10 grams per ounce (about 2 tablespoons), and contain protein minerals including iron, calcium, magnesium and zinc.

Health Benefits

- Vegan
- Great source of fiber
- Full of anti-oxidants
- Weight loss (cuts cravings for food)
- Balance blood sugar
- Gluten free
- Anti-aging (healthy Skin, hair & nails)
- Rich in omega-3 & Protein

Our Super foods

Rosted Flax Seed (200gm. Seeds)

MRP: 200 INR

Ingredients

Organic flaxseeds

What is Flax?

For centuries, flaxseeds have been prized for their health-protective properties. In fact, Charles the Great ordered his subjects to eat flaxseeds for their health. So it's no wonder they acquired the name *Linum usitatissimum*, meaning "the most useful." Nowadays, flaxseeds are emerging as a "super food" as more scientific research points to their health benefits.

Health Benefits

- Digestion
- Lowering cholesterol levels
- Manage some cancers
- Weight management
- Improving insulin sensitivity
